NO WAR IN EAST

German Papers Seem to be on the Inside.

And Never Have Believed War Likely—Final Conference Held at Tokio.

TROUBLE BREWING ON ISTHMUS

Berlin, Jan. 13.—The German foreign office holds to the opinion that war in the far East is still highly improbable. Beyond this the official statements do not go. Unofficial opinion, especially that of the newspapers, regards the statements telegraphed from the far East of extreme tension as part of a great diplomatic game designed to make Russia believe that more concessions must be made or Japan will attack.

The German newspapers have no special correspondents in the far East, and rely for news either on outside agencies or on official sources here. Since the official sources consistently aver that war is wholly out of the question, not a single newspaper in Germany, so far as the correspondents has seen, regards war as likely.

The German foreign office is well informed, especially from the Russian side, and it may be inferred that the positive official optimism here is derived from knowledge that Russia will not permit war to break out.

APPROVED BY THE THRONE.

Tokio, Jan. 13.—The final conference before the throne to decide upon the response to Russia began yesterday afternoon. The formal conference before the throne was of long duration, and its result is unknown. It is said, however, that the response was approved, and that it will soon be delivered to Baron De Rosen, the Russian minister.

This answer of Japan is regarded as the final step in the negotiations.

SPILIN' FOR TROUBLE.

Colon, Jan. 13.—United States naval authorities here appear to be convinced, from the tenor of the reports which are continually brought in, that Colombia is determined to send an army to attack Panama.

The Panama authorities received official confirmation of the fact that Colombia is determined to send an army to attack Panama.

The Panama authorities received official confirmation of the fact that Colombian troops at Titunati number at least 4,000 men, under the command of General Ortisa, Uribe-Uribe, Bustamante and Novos. These troops are well armed and supplied with ammunition, and have four field guns, three steam launches and a large supply of cattle.

News has also been received that Indian Chief Imanaguina returned to Caragena to interview the Colombian officers regarding a request made by them for 300 Indian canoes (small boats), to be used by the army at Titunati in crossing rivers.

A scouting party of United States marines has just left Colon on the steamer Herald for Nombre de Dios, from which place they will send a small boat to Mandikja, with the object of undertaking a journey to the Darien district toward Tiburon. This expedition is likely to be absent for two or three weeks.

It is expected that all the warships will leave Colon tomorrow for the purpose of making a demonstration along the San Blas coast. The vessels will land an attacking force the moment information reaches them that Colombian troops have crossed into Panama territory.

There are no signs of a Colombian army in the vicinity of Panamanian territory on the Pacific. The outlook is apparently warlike.

One of the chief papers of St. Petersburg resents the action of the United States and Japan in trying to open the ports in Manchuria without consulting Russia.

THE SUN'S CAMPAIGN PLEASES MERCHANTS

Co-operation Is Indeed The Key Note, The Gateway to Success. Patronize Home Merchants, Home Manufactured Goods Our Slogan.

WHAT ONE PROMINENT MERCHANT SAID

The Sun's article in Tuesday's issue on Paducahans for Paducah made goods and Patronize Paducah Merchants All the Time has been widely and most favorably commented on by local merchants. "That's the cue," said Mr. George Rock, to a Sun representative yesterday afternoon, at the same time waving a copy of The Sun at him. "You have struck the right chord and I hope will play on it all the time. 'Co-operation' is indeed the gateway to success. It is only by patronizing the local merchant that we can expect or hope for our merchants to make a success. The more prosperous the merchant the better service he can render the public and the

better class of goods he can handle. It is discouraging to say the least for the local merchants to see a citizen when he needs anything to rush right off to some larger city to make his purchases without even giving a local merchant an opportunity to show his line.

The Sun believes though that there is a big number of Paducah people who will, when these matters are put before them in the right way, conclude that hereafter Paducah made articles, Paducah handled goods, are what they want and will refuse to give their trade to outside cities.

The Sun will fight out this campaign for some time and hopes to show the majority of the people the justice of its stand in the matter.

TO MEET JULY 6TH

Democratic Convention to be Held at St. Louis.

The Future Great Won Over the Windy City, Creating Quite a Surprise.

OTHER NEWS BY WIRE

Washington, Jan. 13.—The Democratic national committee furnished a surprise yesterday afternoon in selecting St. Louis as the place for holding the national convention of 1904. The date fixed for the convention was Wednesday, July 6, at 11 o'clock. Previous to the meeting of the committee, it seemed a foregone conclusion that Chicago would be selected as the place of meeting, but political exigencies entered into the situation, and a majority of the committee voted for St. Louis. For some hours previous to the meeting of the committee there was talk in the corridors and among Democratic leaders that the convention in Chicago might be subject to the influence of a strong movement and a strong newspaper influence in favor of some particular candidate. Mr. Knapp of the St. Louis Republic, hinted at this in his speech by saying that the convention, if held at St. Louis, would be welcomed by an absolutely fair press.

The committee meeting covered considerable discussion of politics, and the claims of various candidates were advocated by their partisans, but nothing like favoring any candidate appeared in the committee proceedings.

William J. Bryan, when the committee had concluded its labors, appeared, but his visit was without any apparent political significance. Asked what he thought of the Panama situation, Mr. Bryan said that he (Bryan) moved with a deliberation, and events occurred too rapidly in some quarters for him to keep pace with them. In answer to another question, he replied that it was yet too early to outline the issues for the coming campaign.

O. to a great extent.

SHE IS INSANE

Woman in Tyler Suddenly Lost Her Mind Monday.

Last Night Tramped in her bare feet Through the Snow and Rain.

NOVELS THE ALLEGED CAUSE

Mrs. Mack Steel, wife of an employe of the Paducah Furniture company has been violently insane at her home on the Fubans road, in Tyler, a suburb of Mechanicsburg, since Monday morning, and will be sent to the asylum as soon as she can be tried.

Mrs. Steel is about 36 years old, and has four children. No cause is known for her sudden dementia unless it was the reading of novels. This is said to have caused her mental collapse.

She now seems to have a violent mania to do harm to those about her. She was restrained by her family until last night, when suddenly escaping in her bare feet, she vanished in the woods and thus wandered about all night.

Her husband and others searched for her everywhere they could, but failed to find a trace of her until daylight, when she was found still wandering about in the woods through snow and water, and was captured and taken home.

As she neared the house she picked up a bottle in the yard and hurled it at her husband with great force, striking him in the head and cutting a painful gash, but a wound not believed to be serious.

Justice A. W. Sears, who lives nearby will today issue order and commit her to jail, and she will be tried in circuit court for lunacy. The woman was committed to jail this afternoon and will before the adjournment of court be tried for lunacy.

NO HOPE THIS YEAR

Of Securing Charter Amend-
ments for Paducah

The Committee Has Been Appointed
—Councilmanic Committees
Are Named.

THE POLICE BEATS CHANGED

The committee of the general council recommended by the mayor to take up the matter of charter amendments has been appointed as follows: By President Reed: Aldermen Singleton, Davis and Greif. By Chairman Hannan: Councilmen Riglesberger, Ingram and Rehkopf. The object of this committee is to decide on what changes in the charter are wanted and how to get them. The great trouble with the present charter is that a lot of grafters from Lexington, Covington and Newport, the other second class cities, have been able, through their pull in the legislature, to have passed laws designed solely to skin the taxpayers in those cities, and some of those laws are falling heavily on Paducah. One of them is that which will prevent an assessment of city real estate often than once in four years, and the other the law requiring the city to pay the city jailer from \$1,500 to \$2,400 a year, when it is not worth it and the service can be obtained for much less. There are also desired changes in the printing provision.

It is probable that nothing will be accomplished, however. The slowness of the committee work in Paducah is well known, and even if the committee now had its report ready and forwarded it to the legislature, there would still be serious doubts of its accomplishing anything as the legislature has plenty to look after already, and in view of the fight that three other second class cities, Lexington, Newport and Covington, each with a greater pull than Paducah, would wage against changes, the efforts of the local committee will probably be pigeon-holed at Frankfort and never be heard of again at this session, and there will be no meeting of the legislature again for two years.

One city official said today: "Of course there is no harm in doing our best, but we really have no show to accomplish anything. Some of those other second class men will say: 'Yes you Paducahans wanted to get into the second class, and now that you are there you want the charter changed to suit Paducah, no matter what the rest of us think about it. The charter suits the other three second class cities, each of which is larger than Paducah, and it will have to suit you. That's about what we'll get in Frankfort.'"

Mayor Yeiser will in a short time call the committee together and it will begin working on its report.

The assignment of committees for the councilmanic board has been made by Chairman Ed Hannan, and are as follows, the first named in each being the chairman:

Finance—Riglesberger, Ingram and Rehkopf.
Ordinance—Rehkopf, McCarty and Ingram.
Public Improvement—Gilson, Taylor and Hymarsh.
Fire and Police—McCarty, Rehkopf and Gallman.
Light and Water—Hymarsh, Riglesberger and Taylor.
Printing—Taylor, Rehkopf and Jackson.
Cemetery—Jackson, Smedley and Gilson.
Relief—Gallman, Jackson and Smedley.
Railroad, Telephone and Telegraph—Ingram, Gilson and Watson.
Streets—Smedley, McCarty and Jackson.
Enrollment—Ingram, Riglesberger and Watson.
Judiciary—Riglesberger, McCarty and Gallman.
Hospital, Sewer and Sanitary—Watson, Ingram and Hymarsh.
License—Gilson, Hymarsh and Smedley.

The following changes have been made in the lists of police officers:

Officer Seiser and Estes, latter new man, will be on Third street beat; Terrell and Murray were put on Row-

landtown beat; Hurley and Cross on Broadway; McCune and Dugan on Court street, and Hessian and Orr on the Fisherville beat. Officers McCune and Orr, the new men, reported for duty last night and Officer Estes today.

Officer Guy Nance's name was omitted yesterday but this popular officer was reappointed with the others just the same.

PITTSBURG MAN SAYS CITY OF-
FICIALS ARE PREPARING
FOR GRAFT.

Pittsburg, Pa., Jan. 13—Comptroller John B. Larkin, has issued a statement attacking the city government. In a mass of figures he shows the expense of various cities, and closes his appeals to the citizens as follows:

"That this lawless raid on your treasury should be permitted is a disgrace to all able-bodied citizens of this city. It is an insult to an intelligent, untroubled press and a brutal menace to our government. A committee of the best men in this city should be appointed and money sufficient given them, as in St. Louis, Minneapolis, Chicago and other cities, to direct and prosecute the bodlers, bribers, and promoters of city schemes."

Mr. Larkin attacks the city's representatives who have presented the council finance committee's estimates of appropriations as follows:

"The cunning promoters, dare devil plungers and slick, oily-tongued fakirs see a carnival ahead. They have the side shows ready to unload the moment the new tax levy is in sight."

CHICAGO THEATERS

PROSPECT OF A TEMPORARY
OPENING OF SEVERAL

Chicago, Ill., Jan. 13—The special commission of aldermen and building experts appointed by Mayor Harrison to revise the ordinances regulating the construction and operations of playhouses, as a result of the Iroquois theater fire, has completed a new ordinance and agreed on the provisions which will be applied to existing theaters.

The theaters that agree to conform to the new regulations will be permitted to reopen under certain restrictions. Meantime the galleries that have inadequate exit facilities will be closed, and two to four firemen detailed on the stage. The new ordinance will require the practical reconstruction of every stage in the city. In addition to this every theater will have to be resealed to comply with the new regulations, and special stairways from each balcony and gallery connecting them directly with the street will have to be constructed.

FOR GOOD ROADS

CONGRESS URGED TO PASS THE
BROWNLOW BILL.

Washington, D. C., Jan. 13—The house committee on agriculture will shortly take up for consideration the Brownlow good roads bill, which calls for an appropriation of \$24,000,000—\$8,000,000 annually for three years—for the purpose of constructing new roads.

There is a good prospect that the measure, although a radical departure from strict constructionist views, will be favorably reported to the house and be given consideration.

The measure purposes to expend the money under the direction and supervision of a good roads department of the department of agriculture and to apportion the \$24,000,000 among the states according to their population. Representatives of the Good Roads associations of a dozen states will be in Washington the last of this month prepared to argue the proposition before the committee.

SMASHED UP

OFFENDING PICTURE RUINED

Topeka, Kan., Jan. 13.—Some one unknown entered the historical room in the state capitol today and cut a section eight inches long and six inches wide out of the center of the picture, "Custer's Last Battle," which Miss Blanche Boies, a follower of Mrs. Carrie Nation attacked with an ax on Saturday. Miss Boies, who was arrested last week, but released promptly on bail, said that she intended to destroy the picture, which she said should be removed because it was the gift of a brewing firm.

MULE DIES FROM BITE

Frankfort, Ky., Jan. 13—Representative G. T. Hawkins, of Pike county, is the author of a bill introduced in the house which authorizes persons to carry concealed deadly weapons upon payment to the county in which they reside of a license fee of \$5. Mr. Hawkins provides that all such fees shall be paid into the school fund. The bill has caused much comment.

83 YEARS IN ONE HOUSE.

Smith's Grove, Ky., Jan. 13—"Aunt Jane" Whitley, aged 83 years, died at her home near Hydro, of old age. She was at the time of her death the oldest person born and reared in Warren county. One hundred years ago her father, Richard Whitley, came to this county from Virginia. He built a house at the headwaters of Dolly's creek. In that house "Aunt Jane" was born, was reared, had lived 83 years and died.

MULE HAS HYDROPHOBIA.

Petersburg, Ky., Jan. 3—"Queen Lil," a seventeen-hand mule, owned by the Shotts company, died from the effects of a dog bite. Lil and her mate, Grover Cleveland, were purchased at Lexington, Ky., a few months ago at a cost of \$600 and had taken first prize at the Kentucky state fair. They were bitten in December. The wounds soon healed and the mules to all appearances were sound. Before her death it required four or five large chains to hold her in the stable so great was her suffering. Grover Cleveland has not yet developed the hydrophobia, but is being closely watched by the hostler, and should he show signs of the rabies will be killed.

FULTON HOTEL DEAL.

Fulton, Ky., Jan. 13—Knight's hotel closed its dining room doors yesterday. The restaurant will continue and the hotel will continue to be kept open on the European plan. The matter is yet in the courts, and an order from it authorizing the disposition of the property is expected at any time. It is not improbable that the hotel will be bought in by a company of local capitalists.

HEALTH FOR GIRLS

285 Beecher Street, ATLANTA, GA.

Many people think that patent medicines are worthless but if all women who are suffering and sick as I was could have my experience with Wine of Cardui they would change their mind. I really had not known a well day since I was fifteen, as I suffered at the menstrual period, sometimes with profuse and sometimes with scanty menstruation very irregular and very painful. I had such pains in my back that I could not lie down and could not find a comfortable sitting position and that is the way a week out of a month had to be endured for years. Of course I had tried different remedies for my trouble and sometimes I would feel much better and think I was cured, but in a short time the trouble would come back and was only able to get permanent relief through the use of Wine of Cardui which cured me in three months. I have been in good health for a year, and have therefore every reason to believe that I will remain so.

Maggie Dockendorf

WINE of CARDUI

Wine of Cardui is a medicine that can be taken in the privacy of the home with the same benefit as if it were prescribed by the best physician in the world. This simple treatment never fails to properly institute menstruation and allows the patient to quietly assume the dignity of womanhood without any shock whatever. Miss Dockendorf could have avoided all her suffering if she had taken Wine of Cardui at first and every mother should supply her daughter with this great medicine before the coming of womanhood. The good effects of the medicine will be felt throughout her life. Wine of Cardui is a medicine which cures both young and old women. It is a positive relief for irregular and painful menstruation at any stage. It cures bearing down pains and all the ailments which attack weak and nervous women.

Take Wine of Cardui and secure health like Miss Dockendorf secured it. All druggists sell \$1.00 bottles of Wine of Cardui.

THE MOLE AND HER DAM.

Find Another Mole.

The young Mole snuffed up her nose, and told her Dam she smelt an odd kind of smell. By and by, "Oh mother!" she said, "what a noise there is in my ears, as if ten thousand paper mills were going." And then again, soon after, "Look, look, mother! What is that I see yonder? It is just like the flame of a fiery furnace." The Dam replied, "Prithce, child, hold your idle tongue; and, if you would have us allow you any sense at all, do not pretend to more than nature has given to you."

CHEWED BY DOG

MAN IN THE MASSAO SECTION HAS EXCITING EXPERIENCE.

A vicious rabid dog, it is not known which, attacked Mr. L. Thompson, of the Massao section of the county, day before yesterday in the road. It made a lunge for his throat but bit only his nose, and then as the farmer held it off it managed to bite him on the hands and arms. He seized it by the jaw, and taking out his knife killed it after considerable difficulty. One of his fingers which got caught between the animal's teeth was almost bitten off. He came to the city yesterday afternoon and secured Mr. Frank Mantz's madstone which he applied to the wounds.

AN EVENING WEDDING.

Mr. Clay Lindsey and Miss Lulu Toler were married at 7 o'clock last evening by Rev. G. W. Perryman, only a few friends and relatives being present at the home of Mr. J. A. Dossett, the bride's uncle, Twenty-fourth street and Broadway, where the marriage occurred. Mr. Lindsey is connected with the American Express Company and has a run between Hopkinsville and Cairo, and he and his bride left last night for Cairo, where they will reside.

NO OPPOSITION

ROOSEVELT WILL EASILY CARRY INDIANA.

Washington, Jan. 13.—Representative Charles Landis, of Indiana, after a visit to the White House, had this to say about the Republican presidential situation in the Hoosier state: "It is a dead cold fact that there is no opposition to the president in Indiana. There may be politicians who would like to see him defeated for the nomination, but these men are held down hard and fast by the absolute knowledge that they cannot help themselves, and that they could not organize an opposition to him if they wanted to. If the people of the state thought the politicians were organizing to secretly or otherwise oppose the president they would rise, and the whole crowd of politicians would be literally unhorsed and trampled upon."

I recommend it to all my friends, who are afflicted that way, and it is curing them, too. 50c at DuBois, Kolb & Co."

REPORT FROM CLARKSVILLE
LAST WEEK.

Clarksville, Tenn., Jan. 13.—Receipts in December were 9 hhds., sales 738; shipments 1,009; total stocks January 1, 3,271. Sellers' stocks, 3348 hhds.; buyers' stocks 364 hhds. Stocks were reduced in December 866 hhds.

No receipts the past week and no public offerings on the breaks, but 168 hogheads were sold privately at about the same range of prices that have ruled for some weeks past. The market is quiet and rather dull, with light demands for old crop. Very little new tobacco has yet been priced, and it is still too early for any inquiry to be made for it.

The weather has generally been too cold for transactions in loose tobacco, and the warehouses selling loose leaf have had only a few light sales.

BADLY KICKED

MARSHALL COUNTY MAN HURT BY ONE OF HIS HORSES.

A horse brought here to sell by Mr. Charles Young of Palms, Marshall county, kicked Mr. Young in the face at Stanley's wagon yard, where he was showing some stock to prospective purchasers yesterday afternoon. Mr. Young had gently tapped the animal when it without warning raised its feet and kicked. Mr. Young had his nose broken and a gash cut in his cheek. His injuries were dressed at Lang's drug store by Dr. Carroll Thompson.

IS VERY SUCCESSFUL.

The Louisville Times says of Mr. N. J. Dilday, formerly proprietor of the Standard here, and later state manager for the Equitable Insurance company:

"Mr. Noble J. Dilday, who made a fine record in Louisville as a life insurance man, has added to his laurels by a remarkable achievement in his new field as inspector of agencies for his company in Indiana. His headquarters are at Indianapolis. In 1903 the agents under him wrote \$2,800,000 of new business. For the past year the record was over \$5,000,000. Mr. Dilday is not the man to rest on past triumphs, but is already at work for a new record for 1904."

WINTER SKIN TORTURE ECZEMA

A DEMON OF DISCOMFORT

When to the other discomforts of winter is added the torments of Eczema, existence becomes a long-drawn-out period of bodily suffering and untold misery. Of all the varied types and forms of this violent and terrifying skin disease, that which comes in the winter season is the worst. While Eczema is aggravated by the cold, penetrating winds, it is not due to atmospheric conditions or external causes. The disease itself is located in the blood, and is an internal, constitutional disorder. The pent-up secretions, the biting acids and poisonous matter that have accumulated in the system because of an inactive, torpid state of the bodily organs, are absorbed into the circulation, polluting the blood, filling the veins with acrid particles and liquid fire that dries out the natural oils, irritates and clogs the pores, causing the skin to redden and burn, and itch and smart almost beyond endurance.

Eczema in winter is a demon of discomfort. The skin hardens and dries, cracks and bleeds; filthy-looking sores and crusts, scaly eruptions and other painful and disgusting symptoms appear as the disease takes deeper hold upon the system. Eczema generally attacks the legs and arms, face, chest, hands and feet, breaking out in red, angry-looking patches, sparsely-scattered pimples or watery blisters; but in whatever form it appears, or wherever located, it is an evidence of a too acid condition of the system, and if the cause is not removed and the progress of the disease checked, it grows and spreads and becomes a lingering torture. No permanent good comes from washes, salves and ointments; they are helpful but not curative. The disease is running riot in the blood, the acid poisons are circulating all through the system, and nothing applied to the surface of the body can penetrate deep enough to reach the fountain source of the trouble and root out the real cause of this terrible skin disease. Eczema must be fought through the blood system, and an internal remedy that enters into the circulation and searches out and neutralizes the acids and destroys the poisonous secretions offers the only chance of permanent relief.

The various mineral preparations are bad on the stomach and digestion, and the temporary good they do is over-balanced by the harmful after-effects. In S. S. S. is offered a remedy absolutely vegetable; it doesn't contain a single mineral or injurious drug of any kind. It is composed exclusively of roots and herbs selected for their curative and tonic properties. It purifies the blood and cleanses the system of all irritating substances, stimulates the sluggish organs and invigorates and builds up all parts of the system. Under its tonic effect the appetite increases, the digestion improves, the nerves are strengthened and all the complications brought on by the long-continued spell of Eczema driven away. With the restoration of the blood to its natural, normal condition, and the system freed of all unhealthy secretions, the eruptions, sores and other evidences of Eczema disappear, and the skin becomes soft, smooth and pliable. If you have Eczema or any skin trouble, write us and let our physicians help you by their advice, for which no charge whatever will be made.

THE WEATHER.

Fair and cold tonight. Thursday fair and warmer in west portion.

WHY WASTE TIME?

The municipal board's would possibly accomplish a great deal more good for the city if they would take up and sensibly dispose of the bond issue and provide for the street improvements to be made this year, instead of wasting time in trying to have the second class city charter modeled to suit Paducah. A number of changes might be made which would redound to the good of the city, but any sensible person ought to be able to see that it will be a waste of time to try to have them made. The legislature is not going to change the charter to suit Paducah when there are three larger and more powerful cities than Paducah governed by the charter; these cities had the charter fixed as it is, and so far as any one knows instead of wanting changes made, would oppose such changes and undoubtedly keep them from being made.

No, gentlemen, the thing for Paducah to do is to grow up to the charter, not try to have the charter shaved down to fit Paducah. It is true Paducah is a little shy now in her property valuations and finds it harder to pay the expenses of a second class government than the other second class cities, but in time, with the proper energy and the election to office of men who will economize and see that every person pays his just share of taxes, the fault will be remedied without a display of such arrogance as asking the legislature to change the charter to suit the demands of Paducah, a newcomer in the second class.

If the members of the board will get busy on some other proposition, they will save a great deal of time. Why not use the time intended to be spent in going over these proposed charter amendments, in getting things ready to begin paving the streets? There is something to be accomplished in one case, but certainly nothing in the charter business, much as it ought to be done or might benefit the city if it should be done.

No wonder some public officials go wrong. There's Kratz, of St. Louis. He raked off a good pile in a street car deal, so it is charged, and when exposure came bled himself to Mexico, where, at the cost of a thousand or two he was finally brought back a day

SONGS OF THE DAY.

THE REWARD OF SERVICE.

The sweetest lives are those to duty wed
Whose deeds both great and small,
Are close knit strands of an unbroken thread,
Where love ennobles all,
The world may sound no trumpets,
Ring no bells;
The Book of Life the shining record tells.
They love shall chant its own beatitudes
After its own life working. A child's kiss
Set on thy singing lips shall make thee glad;
A poor man served by thee shall make thee rich;
A sick man helped by thee shall make thee strong;
Thou shalt be served thyself by every sense
Of service which thou renderest.
—Elizabeth Barrett Browning.

or two ago, and was hailed on his return as a sort of conquering hero. He was met at the train by an admiring throng, had an informal reception, and later received calls from many prominent citizens. When his bond was fixed at \$40,000 it was given as quickly as a \$4 bond would have been, although he had forfeited a \$20,000 bond and was followed by a love feast at which champagne flowed as freely as water. It is not known how much swag Mr. Kratz got, but he is doubtless sorry it wasn't more. And certainly his example, and in fact that of all the St. Louis boddlers, does not afford the general run of officeholders much discouragement to be dishonest. Yet sometimes people wonder how their public servants can go wrong!

It does not seem exactly fair to condemn Senator Deitrich until he has had a trial. While a technicality is what he secured his acquittal on, a technicality may not be his only defense. When a man's liberty is at stake in court the quickest way to escape the uncertainty of courts and juries is often the best way, hence availing oneself of a technicality is not always a sign of guilt. Senator Deitrich voluntarily returned to Nebraska to stand trial, and has since asked for a full senatorial investigation, which would have a much wider scope than a court trial. He has not acted like a man guilty of grafting, although it may be he is guilty as his accusers charge.

The danger of war between Russia and Japan, from the most reliable reports, seems to be over. There could be but one result of such a war, in the opinion of those who know about such things, and that would be the defeat of Japan, although Japan seems to have the best of it so far as sympathy is concerned. It would be as foolish to suppose Japan can whip Russia as to suppose Spain or some other small nation could whip the United States. With sentiment discarded it seems very fortunate for Japan that she has thus far escaped a war with one of the greatest fighting nations in the world.

While the people are clamoring for better protection in the theaters, how about the hotels, schools, colleges and churches? It is true there is not as much danger of fire in the latter, but the results of a panic, especially in any of the thousands of churches and schools that have no exits except the main entrances, would be very disastrous to life and limb.

CAUGHT AT JOPPA

NEGRO BROUGHT THROUGH PADUCAH ENROUTE TO CARROLLTON.

Mr. A. S. Allen, a deputized secret service man of Carrollton, Ky., arrived in the city last night from Joppa with Harry Jones, colored, wanted at Carrollton for stealing a watch from Mr. O. Byrd.

Jones gave bond for his appearance before the court, but skipped out and had been gone some time before the detective could locate him. His bondsmen urged his detention and when located in Joppa, the officer immediately effected his arrest. Allen left with the negro this morning at 7:50 over the I. C. for Carrollton. The negro is about 23 years of age.

I. O. OFFICIAL HERE.

Mr. J. G. Neuffer, assistant superintendent of machinery of the I. C., was in the city yesterday on business. He went south last night to complete his inspection tour.

WAS A WOMAN

BUT PLAYED A MAN FOR FORTY-FIVE YEARS.

Boise, Idaho, Jan. 13.—A remarkable case of woman masquerading as a man has been discovered at Rockville, in the western part of the state, near the Oregon line. A few days ago Joe Monaghan, a well known cowboy, died suddenly on Succor creek in Oregon. When the body was being prepared for burial it was found that the deceased was a woman. She had ridden the range of eastern Oregon for 25 years and was well known as an expert, faithful, untiring cowboy. She was about 54 years old, had served on juries and voted at all elections.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. ENTERTAINED KENTUCKY MEMBERS.

W. Woodson, of Kentucky, and Mr. Taggart, of Indiana, were among a select number of Democratic National committee who were invited to the residence of Senator Gorman last night, says a Washington dispatch to the Louisville Times. The Maryland senator had paid considerable attention to the representatives of Kentucky and Indiana. Mr. Taggart had not been in Washington a half hour before Senator Gorman called on him.

DEATH IN EAST ST. LOUIS.

Information has reached the city of the death in East St. Louis, of Mrs. George W. Moran formerly of this city. She was the wife of Mr. George W. Moran of the Rhodes-Burford Furniture company, who was stationed in this city, but removed to the East St. Louis branch of this establishment a year ago. Mrs. Moran was 29 years of age. She is pleasantly remembered by friends she made during her residence here, who will regret to learn of her death.

OUR STAR ROUTES

Special Agent Here Investigating Only One Left.

It is Probable the One From Paducah to Sharpe Will be Discontinued.

SAVING OF RURAL DELIVERY

Mr. Charles Ragen, a special agent for the post office department, arrived from Cincinnati this morning to make a tour of the only star route left in this county, with a view to recommending the curtailment of a portion of it.

This star route now runs from Paducah to Benton. The only other route, one from Paducah to Wickliffe, was discontinued the first of the year because the territory is covered by rural route now.

It is more than likely that Agent Ragen will recommend to the government that the star route from here to Benton be curtailed, leaving a short route only from Benton to Sharpe, a distance of twelve miles.

The population between Paducah and Sharpe is now served by rural free delivery, leaving no necessity for any star route between Paducah and Sharpe. The service is needed; the remainder of the distance to Benton, however, and this part of it, from Sharpe to Benton, will probably be continued.

The star route contracts are to be let soon, effective July 1.

OUTDOOR LIFE

WILL NOT OFFSET THE ILL EFFECTS OF COFFEE WHEN ONE CANNOT DIGEST IT.

A farmer says:

"It was not from liquor or tobacco that for ten years or more I suffered from dyspepsia and stomach trouble, they were caused by the use of coffee until I got so bad I had to give up coffee entirely and almost give up eating. There were times when I could eat only boiled milk and bread and when I went to the field to work I had to take some bread and butter along to give me strength.

"I doctored with doctors and took almost everything I could get for my stomach in the way of medicine but if I got any better it only lasted a little while until I was almost a walking skeleton.

"One day I read an ad for Postum and told my wife I would try it and as to the following facts I will make affidavit before any judge:

"I quit coffee entirely and used Postum in its place. I have regained my health entirely and can eat anything that is cooked to eat. I have increased in weight until now I weigh more than I ever did; I have not taken any medicine for my stomach since I began using Postum. Why, I believe Postum will almost digest an iron wedge.

"My family would stick to coffee at first but they saw the effects it had on me and when they were feeling bad they began to use Postum, one at a time, until now we all use Postum."

Name given by Postum Co., Battle Creek, Mich.

Ten days trial of Postum Food Coffee in place of ordinary coffee proves the truth, an easy and pleasant way. There's a reason.

PE-RU-NA NECESSARY TO THE HOME.

A Letter From Congressman White, of North Carolina.

HON. GEORGE H. WHITE.

Congressman George Henry White, of Tarboro, N. C., writes the following letter to Dr. Hartman in regard to the merits of the great catarrh cure, Peruna:

Gentlemen—"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully,
George H. White.

Mrs. Nannie Wallace, Tulare, Cal., President of the Western Baptist Missionary Society, writes:

"I consider Peruna an indispensable article in my medicine chest. It is twenty medicines in one, and has so far cured every sickness that has been in my home for five years. I consider it of special value to weakly women, as it builds up the general health, drives out disease and keeps you in the best of health."—Mrs. Nannie Wallace.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

CROSS OF HONOR

There Will be a Conference of Honors on Local Candidates

Walbert Camp Issues An Address to Those in This Section of Country.

To All Confederate Veterans in the City and County:

The Daughters of the Confederacy have arranged to confer the Cross of Honor on members of J. T. Walbert Camp No. 463, U. C. V., on Tuesday evening, January 19, birthday of General Robert E. Lee, and as there are a number of Confederates in the city and county who have not identified themselves with our camp, we earnestly invite all such to meet with us on Monday, January 18, at 7 o'clock p. m., at the city hall, and enroll themselves as members of the camp. All Confederate soldiers who rendered honorable service, and were faithful in the discharge of their duty are eligible to membership and are invited to join us.

Our object is to perpetuate the truth of history. Much of which has never been told, and to teach our children and the world the justice of our cause and the honesty and patriotism of our gallant soldiers.

Let every Confederate soldier who endorses these sentiments meet with us on Monday night and join our camp and on the next night, Tuesday, January 19, attend, with us, the meeting of the Daughters of the Confederacy and at the same time do honor to the memory of the great chieftain R. E. Lee, the greatest general our country has known since Washington.

Respectfully,
THOS. HERNDON, Commander.

The Paducah chapter United Daughters of the Confederacy met yesterday afternoon, in special session with Mrs. Joseph W. Thompson, at her home on Jefferson street, and arranged for a celebration of General Robert E. Lee's birthday next Tuesday evening. The exercises will be held in the evening, beginning at 8 o'clock, in the circuit court room at the county court house. Following is the program: Invocation—Rev. T. J. Newell. Athlete tells of wonderful cure

AFFLICTED BY BLOOD POISON
CURED BY
FOERG'S REMEDY

Physicians marvel and praise.
Sufferers wonder and rejoice.

A remarkable remedy for blood poison

Is an absolute, unfailing remedy for Blood Poison entitled to rank among the Great Discoveries of the Age?

We say no, unless it is a complete and perfect remedy, effecting a cure in every case of blood poisoning, whether constitutional or acquired. We did not aim at mere relief. There are other means of relief. We want to provide a permanent cure. There is no other means.

In Foerg's Remedy, have we a certain permanent cure? Physicians say we have, sufferers say we have. We have a countless mass of letters from them. They speak of many cures, but not of a single failure. Read this letter, one of an endless number:

"I have used six bottles of Foerg's Remedy for a case of blood disease of long standing. I gave most everything I could to it, but without success, and by luck heard of Foerg's Remedy, so I decided to try it, which I did, and I am glad to say it completely cured me. I am an architect, and recommended it to many of my profession, and hear of good results from all who take my advice. Wish you success and hope Foerg's Remedy will be standard amongst men of the future."

The writer of this letter is a well known athlete, whose name we withhold because all correspondence with our patrons is strictly confidential. We stake our commercial honor and standing on the statement that the letter is here faithfully reproduced.

For many years we worked upon this problem. Other diseases, we reasoned, are curable. Why not this one? And so we continued our work until our efforts found the highest success, when we were ready to guarantee a cure in every case.

Foerg's Remedy is for sale at your druggist's, or by us upon receipt of \$1 for one bottle or \$5 for six bottles.

LEO'S VALET SPHYNX

KNOWS MORE OF VATICAN SECRETS THAN ANY LIVING MAN, BUT HOLDS HIS TONGUE.

Pio Centra is quite a remarkable character, a type of the devoted servant that is frequently found in the old Italian families, always ready to make any sacrifice or perform any service, equally willing to kill others or to die himself if the welfare of the family makes such extremes necessary, writes William E. Curtis to the Chicago Record-Herald from Rome. He came from Carpineto and was the valet of Leo XIII for more than forty years, while the latter was priest, Bishop, Cardinal and Pope. His life was so interwoven with that of his master that it was expected that he would immediately follow him to his grave, but Centra is alive and well, and as reticent concerning the illness and death of the late Pope as he was during the latter's lifetime.

No one knew so many of the Papal secrets as Pio Centra. He cooked his master's meals and served them; he undressed him and put him to bed at night, and bathed and dressed him in the morning. He was omnipresent. No one ever crossed the threshold without his knowledge. The duty and the sacrifices of his life ended when the Franciscan monks were called into the death chamber, according to custom to take charge of the body of Leo XIII, but Centra remained at his post until after the funeral and until the personal effects of his master were distributed. He then took lodgings in a comfortable apartment house on the banks of the Tiber, where he has since lived quietly, but no amount of money or persuasion can unlock his lips concerning events at the Vatican. His friends and relatives at Carpineto, where he paid a brief visit in August, are indignant because of his reticence, and he shortened his stay on account of their importunities. They insist that has the big head and puts on airs.

Centra was well taken care of by his master, although nobody but himself knows the particulars. He has money enough to keep him comfortably for the rest of his days, but he never has told how much.

RECALLS OLD TIMES

MAN WHO WANTED HIS HEART CUT OUT.

Salt Lake City, Utah, Jan. 18.—The remarkable provisions of a will made 25 years ago have been brought to light through a letter to County Clerk James from Mrs. Robert Irving of 510 West One Hundred and Twenty-sixth street, New York, asking for information regarding the disposition made of the estate of her grandfather, Dr. Charles Frederick Winslow, an eccentric but brilliant naturalist, who died in this city in 1877, leaving a valuable estate.

This consisted mainly of personal property, including a large and valuable collection of shells, fossils, minerals, antiquities and rare books, three volumes of the latter alone being valued at \$10,000. An examination of the public records fails to disclose what became of this property.

The will is dated May 3, 1876, and names Samuel Woodward, now deceased, as temporary administrator, and Joseph Shippen and Charles W. Winslow, of St. Louis, and William C. Pease of San Francisco, as executors.

After making bequests to his children, Dr. Winslow in his will requests that after his death his heart be cut out, embalmed, inclosed in a glass vessel and placed on the coffin of his mother on the island of Nantucket. In a similar vessel he requests that the ashes of his cremated body be buried with the body of his wife in a cemetery near Cambridge, Mass.

There had been but two previous cremations in the United States, and none in Utah, and much difficulty was found in carrying out this request, it being necessary to construct a temporary furnace in the heart of the city at a cost of \$1,500. Nearly every person in the city gathered to witness the then novel cremation of the body.

MEASLES IN COUNTY.

An epidemic of measles alleged to have been introduced by a child from Paducah who was visiting in the neighborhood, is reported at Florence Station, and many children have the disease. The school attendance is rapidly diminishing, many being at home to prevent their contracting the malady. There have been no deaths.

THE STROLLERS

By FREDERIC S. ISHAM,
Author of "Under the Rose"
Copyright, 1902, by THE BOWEN-MERRILL COMPANY

He stood at the door with such an undissembled smile, his accents so grateful, that after a moment's hesitation Constance entered, followed by the patron. Sweeping aside the heavy draperies from the window, he permitted the golden shafts of the ebbing day to enter the hall, gleaming on the polished floors, the wainscoting and the furniture, faintly illuminating the faded pictures and weirdly revealing the turnings of the massive stairway. No wonder a half shudder of apprehension seized the young actress in spite of her self reliance and courage as she entered the solemn and mournful place, where past grandeur offered nothing save morbid memories and where the frailty of existence was significantly written! After that Indian summer day the sun was sinking, angry and fiery, as though presaging a speedy reform in the vagaries of the season and an immediate return to the legitimate surroundings of October.

Involuntarily the girl moved to the window, where the light rested on her brown tresses, and as Mauville watched that radiance, shifting and changing, her hair alight with mystic color, the passion that had prompted him to this end was stirred anew, dissipating any intrusive doubts. The veering and flickering shewn seemed but a web of entangling irradiation. A span of silence became an interminable period to her, with no sight of fresh hopes or sign of preparation for the home journey.

"What takes him so long?" she said finally, with impatience. "It is getting so late!"
"It is late," he answered. "Almost too late to go on! You are weary and worn. Why not rest here tonight?"
"Rest here?" she repeated, with a start of surprise.

"You are not fit to drive farther. Tomorrow we can return."
"Tomorrow!" she cried. "But—what do you mean?"
"That I must insist upon your sparing yourself," he said firmly, although a red spot flushed his cheek.

"No, no! We must leave at once!" she answered.
He smiled reassuringly. "Why will you not have confidence in me?" he asked. "You have not the strength to travel all night over a rough road after such a trying day. For your own sake, I beg you to give up the idea. Here you are perfectly safe and may rest undisturbed."

"Please call the horses at once!"
An impatient expression furrowed his brow. He had relied on easily prevailing upon her through her gratitude, continuing in his disinterested role for yet some time, resuming the journey on the morrow, carrying her farther away under pretext of mistaking the road, until— Here his plans had faded into a vague perspective, dominated by unreasoning self confidence and egotism.

But her words threatened a rupture at the outset that would seriously alter the status of the adventure.
"It is a mistake to go on tonight," he said, with a dissenting gesture.
"However, if you are determined!"— And Mauville stepped to the window. "Why, the carriage is not there!" he exclaimed, looking out.

"Not there?" she repeated incredulously. "You told them to change the horses. Why?"
"I don't understand," returned the land baron, with an effort to make his voice surprised and concerned. "He may— Hello, there! You!— Oly-koks!" he called out, interrupting his own explanation.

Not Oly-koks, but the driver's face, appeared from behind the barn door, and, gazing through the window, the young girl with a start suddenly realized that she had seen him not for the first time that day—but where, when? Through the growing perplexity of her thoughts she heard the voice of her companion.

"Why don't you hitch up the grays?"
"There are no horses in the barn," came the answer.
"Strange! The caretaker did not tell me they had been taken away!" commented the other, hastily stepping from the window as the driver vanished once more into the barn. "I am sorry, but there seems no alternative but to wait, at least until I can send for others."

She continued to gaze toward the door through which the man had disappeared. She could place him now, although his livery had been discarded for shabby clothes. She recalled him distinctly in spite of this changed appearance.

"Why not make the best of it?" said Mauville softly, but with glance sparkling in spite of himself. "After all, are you not giving yourself needless apprehensions? You are at home here. Anything you wish shall be yours. Consider yourself mistress, me one of your servants!"

Almost imperceptibly his manner had changed. Instinctive misgivings which had assailed her in the coach with him now resolved themselves into assured fears. Something she could not explain had aroused her suspicions before they had reached the manor, but his words had glossed these inward qualms and a feeling of obligation sug-

gested trust, not shrinking; but with his last words a full light illumined her faculties, an association of ideas revealed his intent and performance.
"It was you, then," she said slowly, studying him with steady, penetrating glance.

"You!" she repeated, with such contempt that he was momentarily disconcerted. "The man in the carriage—he was hired by you. The driver—his face is familiar. I remember now where I saw him—in the Shadengo valley. He is your coachman. Your rescue was planned to deceive me. It deceived even your man. He had not expected that. Your reassuring me was false; the plan to change horses a trick to get me here!"

"If you would but listen!"
"When"—her eyes ablaze—"will this farce end?"

Her words took him unawares. Not that he dreaded the betrayal of his actual purpose. On the contrary, his reckless temper, chafing under her unexpected obduracy, now welcomed the opportunity of discarding the disinterested and chivalrous part he had assumed.

"When it ends in a honeymoon, ma belle Constance!" he said swiftly.
His sudden words, removing all doubts as to his purpose, awoke such repugnance in her that for a moment aversion was paramount to every other feeling. Again she looked without, but only the solitude of the fields and forests met her glance.

The remoteness of the situation gave the very boldness of his plan feasibility. Was he not his own magistrate in his own province? Why, then, he had thought, waste the golden moments? He had but one heed now—a study of physical beauty against a crimson background.

WABASH RIVER

A BIG APPROPRIATION RECOMMENDED FOR IT.

Evansville, Ind., Jan. 13.—The local branch of the Ohio Valley Improvement association met and arranged for a reception to the United States engineers, who will come here January 22 to receive reports from local business men on the importance of the proposed dam below Henderson, Ky. President Frank Fitton of the Wabash River Improvement association received word from Washington today that an appropriation of \$3,500,000 had been recommended for the improvement of the Wabash river. Ten dams will be built between Mount Carmel and the mouth of the river. Celebrations are being held at New Harmony, Ind.; Vincennes, Ind., and Mount Carmel, Ill., tonight.

A NEW TOWN

WILL BE LOCATED NEAR CAIRO, ILL.

Articles of incorporation have been filed at Springfield, Ill., for a village near Cairo. It will extend from Cairo to the old Fletcher brick yard.

Numbers of the citizens were in favor of having the limits of Cairo extended to take in the settlement, but the majority were in favor of making a village out of it.

Several factories have decided to locate there and it is thought very probable that some of the Illinois Central shops will be located there. No name has been decided on as yet.

FORT MASSAC

THE DEED FOR THE PROPERTY IS FILED.

Judge Willis, at Metropolis, Ill., has received the deed completing the transfer of the Fort Massac property from Judge Green to the state park commissioners. Hon. D. W. Helm, Mayor A. J. Gibbons and Capt. J. C. Willis are the gentlemen in charge. It is certain now that the work of transforming the old fort into a national park of rare beauty will soon be commenced. All are glad that the final steps in transferring the property have been taken, and Metropolis will soon have a park for its historic associations.

THE NEW BILLS

To Increase the School Term Introduced.

There are Two and They Will be Rushed Through.

Frankfort, Ky., Jan. 12.—Former state Superintendent H. V. McChesney is the author of twin bills looking to the extension of the school term from five months, as at present, to six months, and changing the apportionment of the Sheriff's revenue to make the extension of the school term possible. The bills were presented to the house by Mr. T. Everett Butler, of Livingston.

The bill changing the apportionment of the Sheriff's revenue does not contemplate any increase in the tax rate. It proposes the reduction of the present apportionment of twenty-two and one-half cents of the general expenditure fund to twenty-one cents, the reduction of the sinking fund from five cents to two cents, and to add the four and one-half cents taken from these two funds to the school fund, increasing it to twenty-six and one-half cents, leaving the additional one-half cent necessary to complete the fifty cents collected for all purposes to the State College fund as at present.

SENT FREE TO ALL WHO APPLY IN WRITING

There are thousands of cheerful homes in this country filled with discontent and unhappiness, lacking in love and companionship through the sexual weakness and physical impairment of a man whose years do not justify such a condition. Indiscretions, abuses and recklessness often cause a temporary cessation of vital power that instantly yields to the wonderful treatment discovered by the great specialist, Dr. H. C. Raynor, of Detroit, Michigan. It has remained for this great physician to discover that sexual weakness and similar troubles can be cured and in remarkable short space of time. This treatment does not ruin the stomach, adding the miseries such injury entails, but it is a new treatment that easily and quickly restores youthful vigor to men as old as 85.

The discovery is beyond doubt the most scientific and comprehensive that our attention has ever been called to. From all sides we hear private reports of cures in stubborn cases of sexual weakness, enlargement of the prostate, varicocele, spermatorrhoea, lost manhood, impotency, emissions, premature, shrunken organs, lack of virile power, bashfulness and timidity and like unnatural conditions. It does this without appliances, vacuum pumps, electric belts or anything of that kind. Satisfactory results are produced in a day's use and a perfect cure in a short time, regardless of age or the cause of your condition.

The lucky discoverer simply desires to get in touch with all men who can make use of such a treatment. They should address him in confidence, Dr. H. C. "My heart bothered me so that I could feel every pulsation. Could only sleep on my left side. Doctors told me that I had one-fifth enlargement of the heart. I had all the usual symptoms of heart trouble. I took about 15 or 20 bottles of Dr. Miles' Heart Cure and am completely cured. I have had no symptoms of heart disease for two years, and am attending to my business affairs, which I could not do before."—E. C. GATLIN, Manufacturer, Blue Mound, Kan.

Captain Case, of the Pittsburg combine, who is here raising four barges for the combine, got a report this morning that everything above in the Ohio was far from encouraging and not to expect relief in some time.

Captain F. Farnesley will leave tonight for St. Louis and from there will go to Washington, D. C., to attend the Harbor of Master and Pilots which convenes there on the 18th. He goes as a delegate from St. Louis.

The annual meeting of the stockholders of the Eagle Packet company was held at St. Louis, resulting in the re-election of the former directors. They are: Captains William Henry, H. W. and W. H. Leyhe and T. W. Lewis. The election of officers was deferred.

Captain James Koger has returned from St. Louis where he attended a meeting of the St. Louis and Tennessee river Packet company stockholders yesterday. No changes in the running of the boats was made and Captain Koger states the boats will be started out again as soon as the rivers and weather are favorable.

"Well," Captain Joe Fowler said this morning, "the river has gone back on us again and I can't see where we are to receive any encouragement from the present state. The river shows no rise and the gorges are still holding fast above. Nothing but a rise will do us any good. With a rise the gorges will break up and the ice will run out, but with this kind of weather little hope can be placed in this happening."

Captain Case commanding the steamer Cruiser, yesterday raised one barge of coal below the I. O. incline, but will have to dig the coal out the other three barges. Only one of the four barges swamped in the Christmas night gale, was in a condition favorable to raising. The other three barges will be lost, but all coal will first be dug out before they are torn to pieces. It will require about one week to complete the work of digging out the coal.

Theatrical Notes.

The Jeffersons, Joseph, Jr., and William W., will be seen here in Sheridan's famous comedy, "The Rivals," at The Kentucky Tuesday night, January 19, Joseph, Jr., appearing as Sir Lucius O'Trigger, and William W., as Bob Acres, characters that have been linked inseparably with their name. The Jeffersons are conspicuous figures on the American stage at the opening of the Twentieth century, as they have been in the last quarter of the Nineteenth century. There is something about the Jeffersons and their art that draws them closer to the playgoers and the general public's heart, than any other actors ever drew. This is especially true of Joseph Jefferson, Jr., and William W. Jefferson. Their manner of life, their all-around fondness for the ideal and artistic, their public and private associates, the gentleness and sweetness of their natures, and the quiet and unostentatious way in which they continue to contribute to the glory and dignity of their profession, all commend them as strongly as the heart, humanity and poetry they can put in their impersonations. The supporting company includes Messrs. John Jack, Guy Coombs, Percy Plunkett, James Lewis and the Misses Ffolliott Paget, Blanche Bender, Meta Greene and others, all of the original Joseph Jefferson Co.

There has probably not been such an instantaneous theatrical success in years as the dramatization of "Quincy Adams Sawyer," which will be seen here at The Kentucky next Wednesday night. The plan was to make a truly rural play—not a melodrama with country characters and scenes, and thus proclaimed as a country play. In no line, situation, scene, does the play get away from a distinctive New England country atmosphere. The story is a simple and sweet one. There is nothing approaching a villain or an adventure in the cast. The play is constructed on no known lines. One is familiar with the productions of new plays in the past 20 years says it is impossible to analyze the play, except to say it pleases, and pleases mightily. It moves one to tears and to laughter alternately.

Considering the weather, there was a fairly good crowd last night to witness the second appearance of the Middleton Stock company. "For Love and Honor" was capably presented and pleased those present. The company improves on acquaintance, and will be here the remainder of the week. Mr. Geo. W. Schaffer, who managed La Belle park season before last, is manager of the Middleton stock, company which took its name from Mr. Charles Middleton, who was then leading man at the park theater.

The Gambler's Daughter company arrived this morning from Metropolis and left at noon for Hopkinsville. Mr. Frederick R. Seaton, who was with the English Stock company two summers ago and played a successful season here, was in the cast.

Mrs. Samuel Johnston today returned from a visit to Nashville.

MORE DELAY

Council Has to Act Before Firemen are Chosen by Board

If There are any Increases in Police Force, Council Must Make 'Em.

The fire and police board did not appoint a fire chief, captains and stationmen the other night because it desires to wait and see what the legislative board are going to do in regard to extending the fire protection. If additional stations are provided, it will mean more men and probably in a short time the board can ascertain just what to expect, and make its appointments.

In regard to a proposed increase in the police force a member of the board said that the council could fix the number of police officers by ordinance, and if it increased the number and appropriates the money in the next levy, the board would appoint men to fill the places. Nothing is now known of any contemplated increase in the number of police officers.

DIED OF OLD AGE.

Mr. Sim Probus died last night on Lincoln avenue, of general debility. He was 84 years of age. The burial took place this afternoon at Mt. Zion.

THE CITY HALL

IMPROVEMENTS TO BE MADE THERE AT ONCE.

Important improvements will immediately be made at the city hall which will provide an excellent private consultation room for both Police Judge D. L. Sanders and Chief of Police James Collins.

Many years ago when the vault was built in Chief Collins' office, a third room was closed and the double windows, facing the east, were closed with brick. It is not generally known that this room was in existence, and it was only until recently that Captain Collins decided to open it up again and convert it into his private office.

There is a closet in Judge Sanders' office and another closet in Chief Collins' office, and it is intended that a passage way be cut from one to the other closet and in this way the room will be opened up. The windows which have been closed with brick, will be re-opened and snug quarters fitted up.

"The reason we do this," Judge Sanders stated this afternoon, "is because of the lack of privacy about the hall. When we have an important witness to examine privately, we have to look our doors and then in many cases we have not the privacy we desire. By opening up this old unused room we will have a private office that can't be equalled or beat anywhere."

The improvements will begin immediately and the office fitted out by the first of next month, if possible.
